

## **Cordoba Minerals named to 2017 TSX Venture 50**

**TORONTO, ONTARIO, February 23, 2017: Cordoba Minerals Corp. (TSX-V: CDB; OTCQX: CDBMF) (“Cordoba” or the “Company”)** and its joint-venture partner, High Power Exploration Inc. ("HPX"), a private mineral exploration company indirectly controlled by mining entrepreneur Robert Friedland’s Ivanhoe Industries, LLC, are pleased announce that Cordoba has been named to the 2017 TSX Venture 50, a ranking of top performers on the TSX Venture Exchange over the last year.

Each year, the ranking showcases TSXV-listed companies that have shown notable results in key measures of market performance. The companies included in the 2017 TSX Venture 50 were selected based on three equally weighted criteria: market capitalization growth, share price appreciation and trading volume.

Mario Stifano, President and CEO of Cordoba, commented: “Being named to the TSX Venture 50 is a reflection of the outstanding work by our team of explorationists whose efforts during the past year contributed to a series of notable copper and gold discoveries at our San Matias Project in Colombia. We are aggressively following up on last year’s exploration successes at San Matias with three drill rigs testing new high-priority targets.”
